Writer of the Murchison Letter.

LOS ANGELES, October 29.—The identity of the mysterious Charles F. Murchison, writer of the Lamont letter regarding Minister Sackville West, is still a secret. There is no truth in the story telegraphed from here that W. A. Bell, a lawyer of Toronto, was the real writer of the letter. This is given on the authority of Col. H. H. Boyce, editor of the Times of this city, who has been in the secret from the first, and who stated to the associated press representative that the story was absolutely untrue. When asked when the name would be given to the public Otis replied that he could not answer except to say that it would be made public when the interests of the case require and that he did not think it a question to be determined by those who were in possession of the facts. The associated press representative learned from him an emphatic denial that he was the author of the letter.

ROSWELL CITY!

WHERE IS IT? Why, just adjoining the City Limits on the north at the WESTERN TERMINUS of the

Great Rock Island Railroad,

Where their shops are to be built and where under precisely the same conditions we shall see

A Second Colorado City.

Mechanics, Artisans, Investors, Tradesmen, Professional Men, Day Laborers

Here's the opportunity you have been waiting for ever since the announcement was made last year that the Rock Island railroad had decided to build to Colorado Springs.

The Beautiful Tract of Land in which Roswell City is Located is Almost at your Door. It is within twenty minutes drive of the finest portion of Colorado Springs, and is situated on the west side of the Monument river, the same side of the river as the lands of the Rock Island railroad, where the buildings of the railroad company are [illegible]. The station of Roswell has been established at this point, [illegible] and within 200 feet of what is to be the principal business street of the city. The lands of the Rock Island railroad and those of the Denver and Rio Grande railroad extend for half a mile along the eastern border of this new city, and furnish excellent facilities for the establishment of manufactories and for shipment.

The location of this new city is on ground sloping gently to the east, rising gradually from the railroad track towards the mesa on the west, and furnishes most beautiful and finely protected building sites for the thriving city which is bound to spring up at once in that locality.

There is no doubt about it, that this is the best chance to make money on lots, that has ever been offered in this vicinity.

Prices are Very Low, Terms Easy, and Values will Doubtless Double or Treble in a Few Weeks.

Negotiations are about concluded with a large manufacturing plant, to locate in the new city, and many others are sure to follow on account of its superior facilities.

To meet the immediate demands for dwellings, the company will erect a score of houses and stores, which will be ready for occupancy within three weeks.

GO AND INVESTIGATE FOR YOURSELVES and we will guarantee that if you are looking for an investment or a home, you will not have to look any further.

Republicans will vote this year

[illegible] This is the last [illegible] without taking oath

[illegible] Mr. Blaine has undoubtedly [illegible]

made serious mistakes since he has been on the stump, but they are his mistakes and not the mistakes of the party. Harrison has spoken on full as delicate subjects as Mr. Blaine [illegible] Mr. Blaine's speeches. We cannot see why Mr. Blaine's speeches are to be considered more [illegible]

West Virginia [illegible] the democratic majority [illegible] to 1,231. With such [illegible] the state would [illegible] The rapid development of the mineral resources and the growth of the wood industry in the last few years have given the people of the state a confidence which naturally revolts against many of the provisions of the Mills bill. If this is true as to the policy of the democratic party as a whole it must extend to West Virginia and be bound to wipe out a majority of 4,221 in a state casting 130,000 votes. The popularity of General Goff, the republican candidate for governor is attested to by the fact that he has been elected to congress three times from a democratic district. On the whole it does not seem improbable that West Virginia will be the first break in the solid south.

It has been the constant aim of the New York democrats to keep their old stalwart following and to make it seem that the opposition which existed when Blaine was a candidate is as great against Governor Harrison. The opposition is based solely upon a personal dislike which Mr. Conkling has for Mr. Blaine and which could be no possible reason for its continuance this year with Harrison as the candidate. The chance for making votes by cap fell was however not to be overlooked and copies of letters [illegible] republican candidates, stating that they were who stood close to the leaders of the stalwarts, have been spread [illegible] and anti-Blaine literature. The following letter to a Utica Herkimer and Madison county stalwart [illegible] Conkling's position and [illegible] her subscription is gratefully received and will serve to offset in [illegible] democratic majorities.

Conkling [illegible] three days in this county before election. Also to [illegible] Democrats every night in this city.
